Arizona Game and Fish Department — August 6, 2011

Recent Law Changes Affect Hunting Regulations

Approximately 1 million acres of lands now open to hunting

Changes to A.R.S. §13-3107 and A.R.S. §13-3108 transferred the authority to regulate discharging a firearm while lawfully taking wildlife within the limits of any municipality, park, or preserve during an open season to the Arizona Game and Fish Commission.

This change reopened approximately 1 million acres of public and state trust lands on the fringes of municipalities to hunting.

Implementing this change responsibly required amending the 2011-12 Arizona Hunting and Trapping regulations, as well as the 2011 Pronghorn Antelope and elk hunt regulations after they were published.

The information below is an overview of some of the key regulatory changes that hunters and citizens need to know about. However, it is the hunter's responsibility to understand the new rules, particularly the notes section for each hunting season and species for the official legal requirements.

Hunters are asked to report violations to the Operation Game Thief hotline at (800) 352-0700, or the local law enforcement agency immediately.

For more information, a map of the Phoenix no-hunting area, and the latest regulations, visit www.azgfd.gov/rules.

NO HUNTING AREAS:

Closed to hunting — A large portion of the Phoenix metropolitan area is closed to all hunting. This area closure pertains to hunts in metro units 25M, 26M and 47M. This closure is to ensure hunting only occurs in open, undeveloped, uninhabited public and state trust lands where it is safe to do so.

County islands that are large enough to comply with the quarter mile rule are excluded from this closure. However, hunting in these areas is restricted to "limited weapon - shotgun shooting shot" seasons for public safety (no single projectile firearms—i.e.: rifles, pistols, muzzleloaders).

Closed to hunting — Golf courses, airports, and posted water treatment facilities statewide are closed to hunting.

Closed to hunting — City and county parks and/or preserves are closed to hunting, except where specifically opened by commission order. Any parks and/or preserves that the commission has opened to hunting will be indicated in the notes section of the appropriate hunting regulations by species and season.

PRIVATE LANDS CLOSED TO HUNTING WITH FIREARMS:

Tucson Area: Private lands inside city limits within the Tucson metro hunt unit 38M are closed to all firearm hunting. However, these

private lands are open to "archery-only" seasons.

Flagstaff Area: Private lands inside city limits within Flagstaff metro hunt unit 11M are closed to all firearm hunting. However, these private lands are open to "archery-only" seasons.

Hunting with a firearm in the 38M Tucson and 11M Flagstaff metro units is only permitted on public and state trust lands that comply with the quarter mile rule.

RESTRICTED HUNTING AREAS:

Open to hunting with restrictions — Generally, county and city parks and preserves are closed to hunting. Some Pima and Maricopa County parks and/or preserves are open to hunting by commission order. However, additional restrictions have been implemented for safety reasons, and to avoid conflicts by multi-uses of the area.

In these commission opened parks and/or preserves, it is also unlawful to take wildlife within a quarter mile of a developed campground, picnic area, occupied building, boat ramp, shooting range, or golf course. Hunters must comply with applicable check-in and fee requirements.

The parks and/or preserves that are open to hunting, and any weapon type restrictions, will be listed by commission order under each specific season, species, and appropriate notes.

RESTRICTED HUNTING ON PRIVATE PROPERTY:

For those private Lands within city limits, and not already addressed by restrictions for metro units 11M, 38M, or the Phoenix metro no-hunting area, the following restrictions apply.

Private property is closed for "General Rifle Seasons" — Private property within city limits is closed to hunting during any "general rifle season." This is not a weapon-type restriction, but a closure of the property to rifle seasons (or the use of a lesser weapon type during that season) on private property lands inside city limits.

This restriction does not affect private property outside city limits. The restriction does not affect public and state lands inside city limits.

There are some limited exceptions for wildlife management needs, such as the limited-opportunity elk hunts in Unit 1, and Unit 19A pronghorn antelope hunts. These exceptions are identified by commission order in the appropriate regulations and notes section.

Realizing that some private lands inside of city limits may accommodate safe areas to hunt with short-ranged shotguns the commission added new "limited weapon - shotgun shooting shot" seasons to provide provisions for hunting on private property inside city limits. Species that these seasons were created for include predators and furbearers, rabbits, quail, dove, and other birds and mammals.

License Information

Who Can Go?

Everyone needs a license to hunt wildlife in Arizona. You need in your possession a valid hunt or combination hunt and fish license, plus any required hunt permit-tags, nonpermit-tags, or stamps. Neither a Class H Three-Day Non-resident Hunting License nor an Apprentice Hunting License is valid for big game.

YOUNG HUNTERS – Anyone 14 years of age or older needs a license to hunt wildlife in Arizona. You need in your possession a valid hunt or combination hunt and fish license, plus any required hunt permit-tags, nonpermit-tags or stamps.

A person under 14 may hunt wildlife other than big game without a license only when accompanied by a properly licensed person 18 years or older. No more than two unlicensed children may accompany any license holder.

No one under the age of 14 may take big game without having completed a Hunter Education Course. No one under age 10 may hunt big game in Arizona. To hunt big game, anyone 10 to 13 years of age must have in their possession a valid hunt or combination hunt and fish license, a valid Hunter Education Course completion card, plus any required permit-tags, nonpermit-tags and stamps.

Where to Buy Licenses

Arizona hunting licenses may be purchased online at www.azgfd.gov. Licenses also can be obtained from license dealers throughout the state or from any Arizona Game and Fish Department office (see locations on page 2 of this booklet).

A list of license dealers can be found at www.azgfd.gov by selecting the licenses icon box on the home page.

If you are applying for a big game permit-tag or bonus points, you may purchase your general hunt or combination hunt and fish license while you are entering your application for the draw. The license will not be issued and mailed until the draw is complete. If you wish to use your license before the draw is complete, you must pre-purchase a license before applying. Although they are valid for a big game drawing application, Family Licenses, Super Conserva-

tion Licenses, and Child General Hunting and Combination Licenses **may not be obtained through the draw**; these licenses must be purchased at Department offices.

Lifetime License Holders

If a lifetime license holder changes residency status from Arizona, the licensee must then purchase non-resident stamps, tags, and permits. A non-resident tag or stamp can accompany your lifetime resident license. If you are a lifetime license holder who has moved out of state, the 10 percent non-resident cap does not apply to you. The lifetime license will remain legal for the taking of all wildlife as permitted by law. Residency may be re-established after moving back to Arizona and meeting the required time period as defined below.

Residency Requirements

A resident is a person who has been a bona fide resident of the state of Arizona for six months immediately preceding the date of application for a license or a tag, or a member of the armed forces who has been stationed in Arizona for a period of 30 days immediately preceding the date of application for a license or a tag.

Arizona residents may purchase a resident license. All other individuals must purchase a non-resident license.

Three-Day Non-Resident License

A Class H, Three-Day Non-resident license, valid for the taking of small game, fur-bearing animals, predatory animals, nongame animals, nongame birds, upland game birds and migratory game birds (with applicable stamps) is available at all license dealers. This license is not valid for hunting big game nor is it valid when applying for big game hunts through the draw process.

Apprentice License

Resident licensed hunters are able to obtain a free Apprentice Hunting License valid for two days for use when mentoring a new hunter. This affords new hunters the opportunity to “try before you buy,” under the supervision of a licensed hunter.

An apprentice hunting license is valid for two consecutive days when the apprentice is accompanied in the field by a mentor. An apprentice hunting license is valid for the taking of small

game, fur-bearing animals, predatory animals, nongame animals, nongame birds and upland game birds. Any required stamps must be purchased in addition to obtaining an Apprentice License. An apprentice may be a resident or nonresident and may only be licensed pursuant to this paragraph once per calendar year. A mentor must be a bona fide resident of this state who is at least 18 years of age and must possess a class F, G, J, K, M or N license or a complimentary or lifetime license. A mentor may apply for no more than two apprentice hunting licenses per calendar year. When applying for an apprentice license, the mentor must name the person he or she will be taking afield. Consult A.R.S. 17-333 for more information.

Lost License or Tag Replacement

Lost licenses, hunt permit-tags and nonpermit-tags may be replaced for a \$4 fee at any Arizona Game and Fish Department license dealer. Consult R12-4-103 Duplicate Tags and Licenses for additional information. Stamps cannot be replaced, they must be repurchased.

Physically Challenged Hunters

Those hunters who are physically challenged may qualify for a Challenged Hunter Access/Mobility Permit (CHAMP). Consult R12-4-217 for a description of this permit. Contact any Arizona Game and Fish Department office for additional information and application.

Non-US Citizens Wanting to Hunt in Arizona

Pursuant to new regulations by the U.S. Bureau of Alcohol, Tobacco and Firearms (ATF), non-immigrant aliens who want to temporarily import firearms and/or ammunition into the United States for the allowable purpose of taking wildlife will need an ATF import permit and valid hunting license in possession at the time of entry/import into the United States. For further information or to make application for the import permit, contact ATF's Firearms and Explosives Import Branch at (304) 616-4550, or download an application from the ATF website at www.atf.gov.

Tag Transfers

Under Arizona Revised Statutes and Arizona Game and Fish Commission Rules there are ways people can transfer big game tags to children.

License Information

A parent, grandparent or legal guardian holding a big game tag may allow the use of that tag by their minor child or minor grandchild pursuant to the following requirements:

- The minor child is 10 to 17 years old on the date of transfer;
- The minor child has a valid hunting or combination license on the date of transfer;
- A minor child less than 14 years old has satisfactorily completed a Department-approved hunter education course by the beginning date of the hunt;
- The parent or guardian must accompany the child in the field or, if a grandparent allows a minor grandchild to use the grandparent's

permit or tag, the grandparent, parent or the child's guardian must accompany the child in the field. In either case, the adult must be within 50 yards of the child when the animal is taken.

Once a tag is transferred at a Department office, the original permittee may no longer use it.

A person may also transfer his or her game tag for use by a child with a life threatening medical condition or a qualifying permanent physical disability. Consult A.R.S. 17-332 for more information, or visit www.azgfd.gov.

Should you be unable to use your big game

permit, the Department is unable to reimburse you for your fees or reinstate your bonus points. However, you may donate your tag to a nonprofit organization that provides hunting opportunities to children with life-threatening medical conditions or qualifying permanent physical disabilities. You may contact the following organizations to arrange for a donation.

- Hunt of a Lifetime at www.hoalarizona.org.
- Outdoor Experience 4 All at www.outdoorexperienceforall.org
- Catch-A-Dream at <http://catchadream.org>.
- United Special Sportsmen Alliance at www.childswish.com.

Remember Wildlife at Tax Time

- The Arizona Wildlife Fund is a voluntary program that allows you to help conserve the state's wildlife simply by checking the "Arizona Wildlife" box on your annual state tax return.
- Since Arizona started the program more than 25 years ago, contributions to the fund have aided the conservation and reintroduction of many species, including bald eagles, black-footed ferrets, California condors, Apache trout, Mexican wolves and several of the state's most intriguing desert reptiles and amphibians.
- Arizona taxpayers have donated more than \$5 million to the conservation of nongame animals. In 2007, the most recent year for which figures are available, the average donation was more than \$21.
- Remember to inform your tax preparer you want to Make a Mark for Wildlife this tax season.

**For more information
about this program,

Draw Information

The Draw

When the number of hunt permits for a species in a particular area must be limited to prevent over-harvest of wildlife, the Commission Order governing seasons for that species assigns a hunt number to a designated area, and a hunt permit-tag is required to take that species in that area. Hunt permit-tags are issued through a computerized random drawing. Big game tags not issued through the drawing process are nonpermit-tags. Nonpermit-tags may be purchased directly from Department offices or through license dealers.

Qualifications

Individuals wishing to participate in a drawing or to purchase bonus points must apply in writing using the Hunt Permit-Tag Application Form, and submit the form by the deadline specified in the Hunt Permit-tag Application Schedule found in the current year's hunt regulations (page 12).

Each applicant must possess a valid license for the year in which the hunt will take place or possess a lifetime, pioneer or disabled veteran's license. Non-resident Three-Day Class H licenses may not be used in applying for big game hunt permit-tags. **Youth applying for big game hunts must be licensed.** Applicants not licensed for the year in which the hunt will take place must submit the information and fees required for a license on **each** paper application submitted. Only one license will be issued to you and you will receive a refund for the other license fees submitted. The license will not be issued and mailed until the draw is complete.

Applying For A Hunt

Paper applications for hunt permit-tags must be made on Hunt Permit-Tag Application Forms available at Department offices, website, and license dealers. Please use the current year's application form, that is WHITE in color. **Do not cut or alter application form.** Applications not prepared in a legible manner may be deemed not valid and shall be rejected as specified in R12-4-104(O). Use standard blue or black ink (no gel ink).

No more than four people may apply in one envelope. All applicants in a group must apply

for the same hunt number(s) and in the same order of preference on the same form.

No person, including juniors, may submit more than one valid application per genus of wildlife in any calendar year, except as specified in R12-4-104(L), when genera are drawn in multiple drawings; however the annual bag limit still applies.

Each applicant shall complete only one block per application.

No more than one genus may be included on each Hunt Permit-Tag Application Form. Use a separate form, payment and envelope for each genus of wildlife you wish to hunt. You can list a general hunt as your first choice and another weapon type hunt for the same genus as another choice on the same application—just be sure they are in the same numerical series. Use only one application per genus, even if you are mixing weapon choices.

Only a single application and the correct fees must be included in one (1) envelope. More than one (1) application in an envelope may result in rejection of all applications.

Hunt Permit, Bonus Points Disclaimer

The issuance of any big game permit has no express or implied guarantee or warranty of hunter success. Any person holding a valid permit assumes the risk that circumstances beyond the control of the Arizona Game and Fish Department may prevent the permit holder from using the permit. In such situations, the Arizona Game and Fish Department disclaims any responsibility to reissue or replace a permit, to reinstate bonus points or to refund any fees, except under specific circumstances, such as activation of military or emergency personnel, as stated in R12-4-107(L).

Fees

When submitting paper applications, each applicant shall enclose the following fees:

1. The fee for the appropriate hunt permit-tag, which includes the permit application fee.

2. Fee for a hunting license, if a license is requested. Be sure to enclose license fees on **each** application, if required, for each person who is applying on the application for a hunting license. Only one license will be issued per person.

3. **Discounted hunt permit-tag fees are for "Juniors-Only" designated hunts. A youth must pay the higher fee unless applying only for "Juniors-Only" hunts.**

Each payment enclosed with a hunt permit-tag application shall be made by certified check, cashier's check, money order, or personal check or draft payable to the Arizona Game and Fish Department. Cash will not be accepted and will result in rejection.

One personal check or money order can cover all fees for each application.

The permit and license fees are specified in the fee schedule on pages 6–7. The hunt permit-tag fees on page 6 include the non-refundable application fee.

Submitting Applications

Applications (except first-come, sandhill crane, and raptor applications) may be hand-delivered to Department offices in Phoenix, Mesa, Tucson, Flagstaff, Pinetop, Kingman or Yuma. Mailed applications must be sent only to the Department's Phoenix Office at P.O. Box 74020, Phoenix, AZ 85087-1052. On deadline days, Department business offices close at 5:00 p.m. (MST), but applications can be delivered to drop boxes until 7:00 p.m., (MST). Drop boxes are locked promptly at 7:00 p.m., (MST). All applications must be received by the Department before the deadline. Deadlines for submission are specified in the Hunt Permit-Tag Application Schedule on page 12. Postmarks don't count.

Applications will be accepted as soon as the applicable year's hunt regulations are available. Please consult the current year's hunt regulations as unit areas and season dates may change each year.

Complete and proper preparation of an application is the sole responsibility of the applicant.

Draw Information

What Happens To My Application?

Any application not properly prepared, submitted with insufficient fees or one that is illegible is not valid and will be rejected.

If there is an error that will result in the rejection of an application and the application is received by the Department on or before Thursday, Jan. 20, 2011, we will make three attempts within a 24-hour period to notify you by telephone if a phone number is provided. If we are able to contact you by phone and our customer service representatives can correct the application at that time, they will do so and enter the application in the Draw. If an error cannot be corrected by phone, we will still attempt to notify you of the error and advise you to re-submit your application. The applicants may then prepare a new Hunt Permit-Tag Application Form, include the appropriate fees and re-apply by the scheduled deadline date.

If any applicant in a group is rejected for any reason, all other applicants in that group will also be rejected and no bonus points will be awarded.

No hunt permit-tag will be issued to anyone in a group if there are not sufficient hunt permit-tags available for all applicants in that group.

Hunt permit-tags will be mailed to each successful applicant.

What If I'm Not Drawn?

Please use one of the methods (telephone or Internet) listed on this page to access draw results. These methods of access shall serve as the official notification of draw results.

Over-payments and hunt permit-tag fees received with unsuccessful applications will be returned to applicant "A," as shown on the Hunt Permit-Tag Application Form. Application and license fees will not be refunded. You will not be issued or charged for more than one license.

If you or a member of your group elected to donate your fees or a portion thereof, the donation will not be refunded. A hunting license is required to apply in a drawing.

If an application is rejected and a license has been requested, the license will not be issued, however, the application fee will not be refunded.

Unsuccessful, valid applications will be awarded bonus points.

Big game hunt permit-tags remaining after the drawing will be issued on a first-come, first-served basis as specified in the hunt permit-tag application schedule on page 12.

Purchasing A Bonus Point Only

In the event you do not wish to participate in a big game drawing for pronghorn antelope or elk, but still wish to accumulate bonus points for these genera, you may "purchase a bonus point."

When completing your application, you must choose the bonus point hunt number established for that genus as your first choice. A bonus point hunt number is established within each applicable Commission Order. If you choose this hunt number, you may not choose any other hunt number on your application. **If the bonus point hunt number is any choice other than the first choice or any other hunt numbers appear on the application, your ap-**

plication will be rejected. You may purchase only one bonus point per genus per drawing.

To purchase a bonus point, the individual must be 10 years old by the deadline date as specified in the hunt permit-tag application schedule on page 12.

To purchase a bonus point, you must have previously purchased a hunting license or apply for a hunting license through the draw for the year in which the hunt will take place. You must also include the application fee per applicant. If applying for a bonus point, you will not receive a refund on the license fee or the application fee. Do not include the fee for the hunt permit-tag for the genus in which you are applying for the bonus point. **A bonus point purchase costs you only the license fee (if needed) and the \$7.50 application fee per applicant.**

If applying for more than one species for bonus points, you must complete a separate application for each species. Only a single application and the correct fees may be included in one envelope.

If you apply for a bonus point only using the established bonus point hunt number, you may **NOT** submit another application for the same genus. To do so will cause both applications to be rejected as duplicate applications.

All applicants in a group must apply for the same established bonus point hunt number. The application will not be included in the random number drawing and the individual(s) on the application will each receive a bonus point for that genus.

How to Apply for the Draw

Completing Your Paper Hunt Permit-tag Application Form

In order to participate in the draw you must correctly fill out and sign a paper hunt permit-tag application form and submit it by mail or drop it off to any of the seven Arizona Game and Fish Department offices along with a check or money order for the correct amount. Paper application forms are available at all Department offices, more than 300 license dealers statewide, and as a downloadable PDF electronic document from the Department's website at www.azgfd.gov/draw. A list of dealers can be found on the Department's website. The use of the PDF form requires that the free Adobe Reader software be installed on your computer. The PDF form can be printed from your computer and then filled out using an ink pen or you can fill it out on your computer using your keyboard (this form does not alert you if an error is made). Once the form has been correctly filled out, it must be printed, signed and submitted by mail or dropped off at a Department office along with a check or money order for the correct amount. There is no online draw application process – only paper application forms mailed or dropped off at a Department office are eligible for entry into the draw.

R12-4-104 and R12-4-114 explain application and drawing procedures in detail. Complete and proper preparation of an application is the sole responsibility of the applicant. If any applicant in the group fails to complete any required portion of the application, all applicants in the group will be rejected.

Numbered paragraphs correspond to numbers circled on the SAMPLE form, use it to assist you in completing your form, which can be found online, at any license dealer or Department office.

1 Enter the hunt number(s) of the hunt(s) in which you wish to participate. The hunt number will indicate the genus (deer, turkey, etc.) and area you want to hunt. **Do not use the Game Management Unit Number.** Hunt numbers are listed in the far left column of each Commission Order. Deer hunts are in the 1000 series, turkey hunts are in the 4000 series, etc. All hunt numbers on an application must be in the same series. YOU CANNOT MIX HUNT SE-

You do not have to fill in all the blocks. You may only apply for either a bonus point or a valid hunt number for any genus, NOT both.

2 Enter your correct date of birth (mm/dd/yyyy).

3 Enter your Social Security Number. In accordance with Federal Requirement, 42 U.S.C. Section 666 (A)(13) and A.R.S. 25-320 (P) and 25-502 (K), you **must** provide your valid Social Security Number in the space provided. This is kept on file with the Arizona Department of Economic Security for use in identifying and tracking child support offenders. Any invalid SSN will result in rejection of the application. If

you are not a U.S. citizen you must write "NOT US CITIZ" in the Social Security field. If you are not a U.S. citizen, you must obtain a Department I.D. Number prior to submitting and enter it on the application. See #6. You may obtain a Department issued ID number by calling (602) 942-3000 during business hours.

4 Check the appropriate resident or nonresident box. Resident means a person who has been a bona fide resident of the state of Arizona for six months immediately preceding the date of application, or a member of the Armed Forces who has been stationed in Arizona for a period of 30 days immediately preceding the date of application for a license.

5 Enter your valid Arizona hunting license number for the year in which the hunt for which you are applying occurs. The hunting license number consists of two letters and six

numbers. You may purchase a license through the draw by completing the License Application Form at the bottom of the application and submitting payment with each of your applications if you are not licensed.

6 Enter your Department I.D. Number (formerly called Sportsman I.D.). This number is for those individuals who choose to use a Department issued I.D. Number instead of a Social Security number to track bonus points or for non-U.S. citizens. This is a permanent number and is to be used on all hunt applications. Your I.D. Number (if different from SSN) is vital to track your bonus points and to ensure that you receive the proper credits. Using a different number may result in your not receiving proper bonus point credits. An I.D. Number may be obtained by calling the Department. You **must** still provide a valid SSN even if you provide a valid Department I.D. Number. See #3.

7 Enter your correct full name (last name first), your P.O. Box or home mailing address, city, state and zip code.

8 The Department will make three attempts within a 24-hour period to notify you of errors that will result in the rejection of your application if the application is received on

or before Thursday, January 20, 2011. If you wish to participate in this service, please list a telephone number where you can be reached. You are not required to enter your telephone number.

9 Each individual applying, or an appointed individual, must sign the appropriate application section.

COMPLETE 10-16 ONLY IF APPLYING FOR A LICENSE.

10 Enter M for Male, F for Female.

15 Enter the number of years and/or months that you have been a resident of Arizona. (See page 10, Completing Your Hunt Permit-Tag Application Form, # 4, to determine if you qualify.) No entry is required here for a nonresident applicant.

16 Check the box next to the license type which you wish to purchase. **If you are requesting a license on more than one application, you must specify the same class of license on each application and include the license fee with each application. You will not be issued or charged for more than one license.** If you are not licensed for the year in which the hunt will occur, you must complete the License Application Form for each genus applied for and include payment for a license with each application. If you are drawn for more than one genus, only one license will be issued in your name. If you are not drawn, you will be refunded only the hunt permit-tag fee. You must possess or purchase a license to participate in a drawing or to purchase a bonus point. No refunds will be issued for license or application fees if you apply in a drawing and are unsuccessful in the drawing. **If you do not check the box next to the license type you wish to purchase, your application will be rejected.**

Thank You Hunters and Recreational Shooters

Arizona's rich outdoor heritage is enjoyed by all – thanks to hunters like you, whose purchase of hunting and recreational shooting equipment supports wildlife management and habitat enhancement in the Grand Canyon State. When you purchase a rifle, ammunition, archery equipment, and other sporting gear, you pay a federal excise tax and import duties.

Since 1937, this money has been collected by the federal government and redistributed to the states using a formula based on hunting license sales and the state's

land area. In 2010, that meant over \$11.8 million for game management in Arizona. This money paid for game surveys, hunter education classes, wildlife water catchment construction, wildlife research and shooting range development and operations, among other projects.

Hunters like you are part of the largest and most successful wildlife conservation programs in the world... thank you! To learn more visit www.azgfd.gov/h_f/federal-aid-cycle.shtml.

Hunter Education

Hunter Education programs across the country are designed to continue the hunting heritage by developing safe, responsible, ethical and knowledgeable hunters. Hunting is a hallowed family tradition that teaches respect for life, each other and nature. It teaches accountability and responsibility. If you are a new hunter, or want to learn about wildlife conservation, the environment, firearms and gun safety, our hunter education courses can help. The program will also benefit experienced people who want to become more proficient hunters and conservationists. While hunter safety is the program focus, hunter ethics, wildlife management, survival, and other important topics are also covered. Hunting is safe, as well as being community and family sustaining. Enroll your family in our hunter education program today. For more information, visit www.azgfd.gov/education or call (623) 236-7235 or (623) 236-7219.

Any child nine years old or older may complete a hunter education course offered through the department. However their hunter education completion card and course completion certificate do not become valid until the child's 10th birthday.

Course information

Young hunters ages 10-13 looking to take to the field on a big game hunt will need to pass an Arizona certified hunter education course before his or her hunt.

With time constraints and busy schedules, one of the best ways to get this done is by going online to www.hunter-ed.com/az.

This self-paced online course covers all the elements of the "Today's Hunter in Arizona" booklet, however, to become certified, students must also successfully pass a mandatory "hands-on field day" within 90 days of completing the online course work.

Parents are encouraged to take the class too. In addition to learning how to be a safe and ethical hunter, there are many other good reasons to take the course, including:

- hunting techniques
- hunter responsibility and ethics
- how firearms work
- firearm safety and use
- wildlife identification
- wildlife conservation and management
- survival and first aid
- make new friends with similar interests

For more details visit: www.azgfd.gov/education under Hunter Education.

10 Commandments of Hunting Safety and TAB +1

1. **T**reat every firearm as if it were loaded! It might be, even if you think it isn't!
2. **A**lways keep the muzzle in a safe direction. Keep control of the direction of the muzzle at all times.
3. **B**e sure of the target and beyond. Be aware of what is in front of the target. Know the identifying features of the game you hunt. Make sure you have an adequate backstop – don't shoot at a flat, hard surface or water.
4. **+1** Keep your finger outside the trigger guard until ready to shoot. This is the best way to prevent an accidental discharge.
5. Check your barrel and ammunition. Make sure the barrel and action are clear of obstructions, and carry only the proper ammunition for your firearm.
6. Unload firearm when not in use. Leave action open; carry firearm in a case and unloaded to and from the shooting area.
7. Point a firearm only at something you intend to shoot. Avoid all horseplay with a gun.
8. Don't run, jump, or climb with a loaded firearm. Unload a firearm before you climb a fence or tree, or jump a ditch. Pull a firearm toward you by the butt, not the muzzle.
9. Store firearms and ammunition separately and safely. Store each in secured locations beyond the reach of children and careless adults.
10. Avoid alcoholic beverages before and during shooting. Also avoid mind- or behavior-altering medicines or drugs.

While there is no requirement for hunters to wear orange in Arizona, the department STRONGLY suggests that all hunters adopt this valuable safety precaution to help others see and identify them in the field.

Rocky Mountain Elk Foundation Junior Elk Hunters Camp

For more information, contact Clair Harris at clair-linda@q.com.

Keep CWD out of AZ

To protect Arizona's deer and elk herds from Chronic Wasting Disease (CWD), hunters are encouraged to take these voluntary precautions when hunting deer or elk out-of-state, including:

- Don't bring the brain, intact skull, or spinal column into Arizona.
- The following elk or deer parts harvested out-of-state are okay to bring back into Arizona:
- Boneless portions of meat, or meat that has been cut and packaged without any portion of the spinal column;
 - Clean hides and capes with no skull or soft tissue attached;
 - Antlers, clean skull plates, or skulls with antlers attached with no meat or soft tissue remaining;
 - Finished taxidermy mounts or products; and
 - Upper canine teeth (buglers, whistlers, ivories) with no meat or tissue attached.

Chronic Wasting Disease (CWD) has not yet been found in Arizona. However, it is present in the neighboring states of Utah, Colorado, and New Mexico, as well as many other popular hunting destinations for deer and elk. Some states have strict regulations governing carcass movement, so we encourage you to contact the wildlife agency where you travel for any applicable regulations.

New to Hunting?

The Arizona Game and Fish Department supports and promotes introducing children to the American tradition of hunting by offering a wide variety of juniors-only hunting and shooting programs. These programs are designed to get children in the field with a parent, guardian, or mentor who can focus completely on the child, and provide the guidance needed to teach the next generation of hunters how to be safe, responsible stewards and ethical conservationists.

To take full advantage of these programs, Game and Fish is partnering with sportsmen's groups, gun clubs and conservation organizations to host mentored first-time events and camps to assure a positive experience hunting in the great outdoors. Below is a listing of some of the upcoming events. Visit www.azgfd.gov/getoutside for additional camp dates and updated information.

Heritage Fund celebrates 20 years of conserving Arizona's wildlife

If you voted in Arizona in 1990, chances are you voted in favor of the initiative that created the Heritage Fund. Arizonans showed their overwhelming support for wildlife by passing the measure by a 2-to-1 ratio.

For the past 20 years the Heritage Fund has made a difference not just to wildlife conservation efforts, but also to the state's economy, public access, environmental education and outdoor recreation.

Notable accomplishments of the Arizona Game and Fish Department's Heritage dollars over the past two decades include:

- Providing funding to acquire nearly 18,000 acres for public enjoyment and wildlife recreation, including wildlife areas at Becker Lake, Whitewater Draw, the Verde River, and Sipe White Mountain.
- Constructing barrier-free fishing piers to increase angler access at Woodland, Mittry, Patagonia, Kaibab, Riggs and Rose Canyon lakes.
- Reintroducing black-footed ferrets, California condors and black-tailed prairie dogs, which had disappeared from the state.
- Securing public land access to more than 2 million acres in the state.

The Heritage Fund gives money from lottery ticket sales to conservation efforts like protecting endangered species, acquiring habitat for the benefit of sensitive species, providing access to outdoor recreational opportunities, and educating children and adults about wildlife.

The Heritage Fund constitutes 12 percent of Game and Fish's overall budget and is a critical funding source for leveraging federal grants for even greater conservation benefit. The department does not receive any of the state's general tax revenues. It's funding for wildlife conservation and management comes primarily from the sale of hunting and fishing licenses, federal excise taxes on certain hunting and fishing gear, and a couple of other key sources such as the Heritage Fund.

My new rifle will drop an elk this fall,

*and help put a few
more in its place.*

I am an American sportsman. I proudly support an extra 10% tax on firearms and ammunition that's helped foster a 1,200% population increase of Rocky Mountain elk since 1907. Through license fees and special excise taxes, I contribute over 4.7 million dollars a day to preserve and protect our wildlife and environment. Those funds are primarily responsible for every major wildlife population success story in our country. As an American sportsman, I am the most influential conservationist in the world today.

Legal Animal Definition	Bull elk means an antlered elk. Antlered means having an antler fully erupted through the skin and capable of being shed. Antlerless means not having an antler, antlers, or any part thereof erupted through the skin, as defined in R12-4-101.
Bag Limit	One (1) elk per calendar year, except as prescribed in R12-4-120.
<p><i>To hunt elk in Arizona you need a valid Arizona hunting or combination license and an elk tag. To hunt elk in General, Juniors-Only, Muzzleloader or Archery-Only seasons, you must apply through a draw for a hunt permit-tag. To hunt elk in a General or Archery-Only Nonpermit Tag season, you must obtain a hunt nonpermit-tag from a department office or license dealer. The same tag can be used in either the General or Archery-Only Nonpermit-tag season.</i></p> <p><i>The Department offers "Juniors-Only" designated hunts. If applying for a Juniors-Only hunt, do not reapply for the same species with other applicants on a separate application. Persons are eligible to participate up to and throughout the calendar year of their 17th birthday, provided that persons between the ages of 10 and 13 have satisfactorily completed a Hunter Education Course that is approved by the Director as per ARS 17-335 (C). If a person is applying for a Juniors-Only hunt and a regular hunt on the same application, the higher of the tag fees must be enclosed.</i></p>

Hunters must agree to the Camp Navajo hunting policies during the required registration at http://www.campnavajo.com/index.php?which_page=recreation. After registering, hunters will gain access to the hunt numbers required when submitting the application. All hunters are required to show proof of attendance to a hunter safety education course during paperwork submission for the Camp Navajo permit. Increases in Force Protection Conditions, training missions and industrial operations may result in partial or complete hunt cancellation at any time with little or no prior notification. In the event a hunt is cancelled, hunters drawn for these permits will not be reimbursed or otherwise compensated by the Arizona Game and Fish Department.

When weather is deemed severe, the core roads may also be closed to prevent excessive road damage, provide for public safety, and protect natural resources. Supplemental (Population Management) Hunts and Hunter Pool

Beginning in 2003-2004, the Arizona Game and Fish Department established Population Management Hunts and the Hunter Pool. AZGFD Wildlife Managers have found that previous hunt strategies designed to manage some wildlife populations are not meeting objectives. When regular hunt seasons don't meet management objectives, conflicts between wildlife and other uses of the land can occur. Population management hunts are designed to allow the Department to achieve supplemental harvests of wildlife when traditional harvest strategies have not met their objectives. Population management hunts will enhance the Department's ability to meet population and habitat management objectives.

The following information is important to know if you are planning on applying for a population management hunt.

- Population management hunts may occur as necessary, under the provisions of R12-4-115 (refer to the current Hunting and Trapping Regulations).
- The Population Management Seasons Commission Order 26 approved by the Commission designates the range of species, season dates, open areas, legal wildlife, lawful taking methods, and maximum tag numbers for population management hunts to be prescribed by the Director and implemented under R12-4-115.
- When a population management hunt is found to be necessary, as prescribed in R12-4-115, hunters will be selected from the hunter pool made up of hunter pool applicants (see application below).
- The hunter pool list will be purged by the Department Dec. 31, 2011. You may apply at any time during the year (note: do not include the hunter pool hunt application form with a hunt permit-tag application—you must apply separately. See application below for instructions).
- To complete your application, you must designate the species of animal(s) you desire to hunt and the weapon type(s). You must also submit a \$7.50 application fee (note: one \$7.50 application fee per application—not per species). Please do not send cash.
- You may designate more than one species and weapon type on the application form. If you choose to designate more than one species and weapon type on your hunter pool application, your name will be included in the hunter pool for each species and weapon type you designate. This means that you may be eligible to participate in a population management hunt for more than one species or method of take each year (note: annual bag limits apply to all population management hunts and may limit your ability to participate in a population management hunt or regular season hunt).
- If you participate in a population management hunt and fill your annual bag limit for that species, you may not participate in a regular hunting season for that species even if you are drawn through the normal draw process (note: A.R.S. 17-332.E. prohibits the issuing of a refund for the purchase of a license or a permit).
- If your application is selected during a random drawing for a population management hunt, the Department will attempt to contact you three times by telephone within a 24-hour period. If you cannot be contacted within 24 hours, your application will be returned to the hunter pool for inclusion in future population management hunts during that year.
- If you are offered a restricted non-permit tag for a population management hunt, pursuant to R12-4-115, you may decline to participate. If you decline to participate, your application will be returned to the hunter pool for inclusion in future population management hunts during that year (note: if you agree to participate in a population management hunt but fail to purchase your tag within the timeframe designated when you are contacted, you will not be eligible for further population management hunts that year).
- If you elect to participate in a population management hunt, it is probable that you will be asked to arrive in the field to hunt within a few days of being contacted (note: purchase of restricted nonpermit-tag and applicable hunting license prior to hunting is required).
- Restricted non-permit tags issued through the hunter pool may be purchased through the Department's Phoenix office. See the front of the hunting regulations booklet for the address and phone number.
- You will not gain or lose bonus points when you apply for, or participate in, a population management hunt.

Form may be photocopied.

**Do not include this form with a Hunt Permit-tag Application Form
(See R12-4-115 in the current hunting and trapping regulation booklet)**

Have you:

- Filled in all the blanks?
- Enclosed the \$7.50 application fee?
- Signed your application?
- Indicated your choice of species?

- In accordance with R12-4-318, dogs may not be used to pursue bears between January 1 and July 31.
- Hunter access in Units 29, 30A, 30B, and 32 is extremely restricted. Applicants should not apply for these units unless they have secured access.
- The Fort Huachuca Army Garrison in Unit 35A is open to hunting only to properly licensed military and civilian personnel holding a valid Fort Huachuca post hunting permit. Special regulations must be obtained from Fort Huachuca. Applications for these hunts must be submitted to the Arizona Game and Fish Department.
- The Santa Rita Wildlife Area in Unit 34A is actively used for studies in wildlife management. Researchers are present all months and study sites are not always recognizable; hunters are urged to use caution while hunting and take care not to disturb study sites.
- The Grand Canyon-Parashant, Vermilion Cliffs, Sonoran Desert, Ironwood Forest, and Agua Fria National Monuments are open to hunting.

Population Management Notes continued:

7. Individuals that have previously harvested a buffalo in Arizona and have met the one (1) per lifetime bag limit are not eligible to purchase the restricted nonpermit tag for buffalo.
8. All buffalo hunters, including unsuccessful hunters or hunters who did not hunt, with a buffalo restricted nonpermit-tag for the House Rock Wildlife Area herd shall check out in person or by telephone at either the Department's Flagstaff regional office or the House Rock Wildlife Area headquarters within three days following the close of the season. A successful buffalo hunter shall report information about the kill to the Department within five business days after taking the buffalo either in person at the House Rock Wildlife Area headquarters

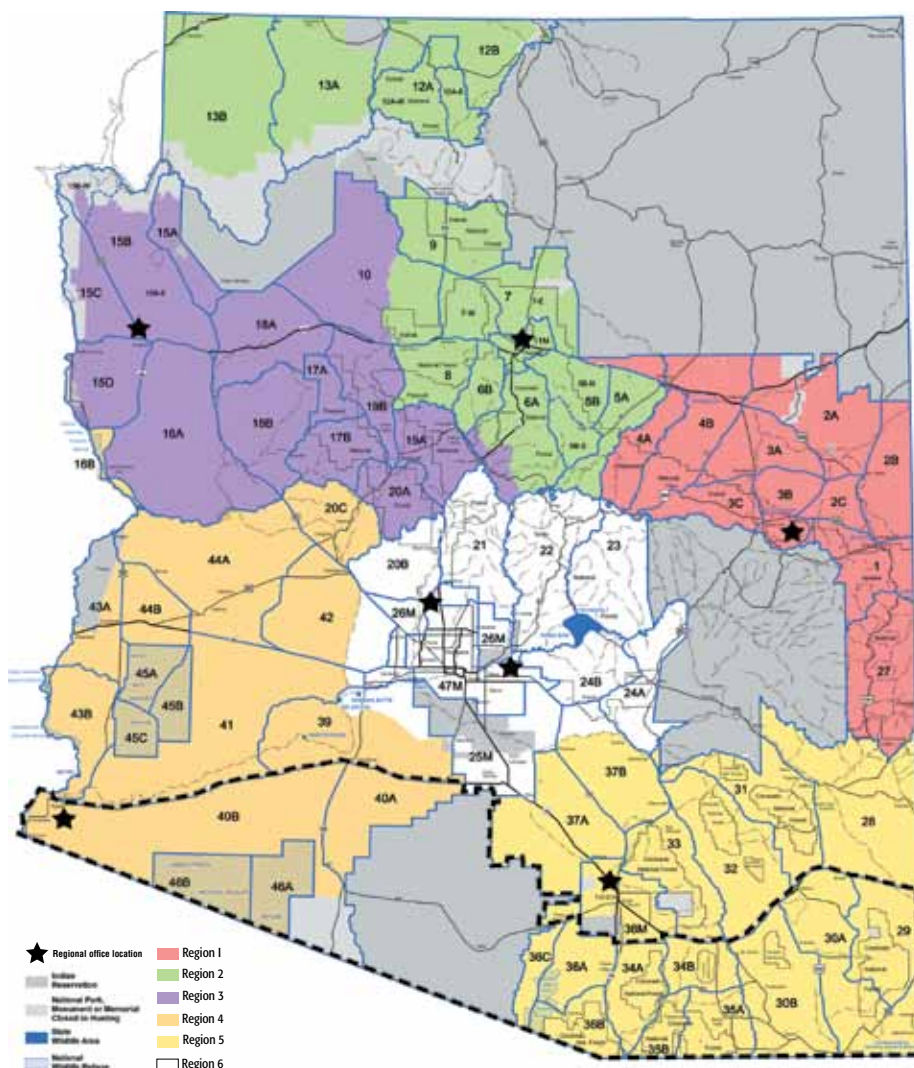

or in person or by telephone at the Department's Flagstaff regional office. If the kill is reported by telephone, the report shall include the name of the hunter, the hunter's tag number, the sex of the buffalo taken, the number of days hunted, and a telephone number where the hunter can be reached for additional information (R12-4-306).

9. As prescribed in R12-4-308, all hunters must contact an Arizona Game and Fish Department office in person or by telephone at 1-800-970-BEAR (2327) within 48 hours of taking a bear. The report shall include the hunter's name, hunting license number, tag number, sex of the bear taken, management unit where the bear was taken, and telephone number at which the hunter can be reached to obtain additional information. Within 10 days of taking a bear, the hunter shall present the bear's skull, hide, and attached proof of sex to a designated Arizona Game and Fish Department employee for inspection. If a hunter freezes the skull or hide before presenting it for inspection, the hunter shall prop the jaw open to allow access to the teeth and ensure that the attached proof of sex is identifiable and accessible (pursuant to R12-4-308). A premolar tooth will be removed during the inspection. Successful hunters are encouraged to contact the nearest Department office by telephone to coordinate inspections.

10. Unit 31 and 32 hunts -- Access to Aravaipa Canyon Wildlife Area (as prescribed in R12-4-802) is allowed by permit only, available through the Safford Field Office of the Bureau of Land Management. For more information, contact the Safford Field Office at (928) 348-4400 or www.blm.gov/az/sfo/aravaipa/aravaipa.htm.
